

Enhance traceability

Comprehensive sample identification demands advanced printing capabilities.

Epredia™ VEGA laser cassette printers offer:

- High-resolution, durable printing
- Up to 100-character 2D barcodes
- Fast, six seconds per cassette printing
- Intelligent cassette selection from six-hopper carousel
- Quiet printing, < 65 dB

- High-resolution, 600-dpi barcode to include more information
- High-quality barcode printing may reduce instances of reprints and non-scannable barcodes

- LIS connectivity to streamline workflow
- Easy-to-use connection for smooth installation

- Reduce operational cost with no printhead replacements
- Robust laser technology consistently prints within six seconds for a faster turnaround time
